Thanks, Quinn!

I don't have a Treated Seed meeting on my calendar for later today. By chance, did our recurring meeting expire? If so, please send out a new recurring meeting invite for all of us.

Hello All,

Amber sent me this document that came in from 37 interest groups to the president about OPP campaigns. This includes raising an issue about neonics pointing specifically at the exemption of treated seeds. Just something to keep in mind for our meeting later.

Best,
Quinn

Hey Quinn – Just following up on the treated seed issues after being out last week. Let me know if there is anything I can help with. Also, not sure if you've seen the attached. There are a number of issues raised in this letter, including acting on the treated seed petition.
